To Whom It May Concern:

Please accept this letter as my highest recommendation of Gaylor Electric, Inc. I have had the opportunity to work with Gaylor over the last several years through a variety of construction projects.

NTK Precision Axle Facility in Anderson, Indiana was a challenging project and Gaylor was instrumental throughout every phase. From their initial participation in cost engineering during the design phase to final closeout and occupancy, Gaylor can be depended upon to take care of business and turn out an outstanding finished product.

Gaylor's innovative suggestions, attention to safety and the specifics of the project, as well as proper scheduling, has been very much appreciated and resulted in a job well done.

I value our relationship with Gaylor and look forward to completing more projects with them in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Masashi Tsuji', with a large, sweeping flourish extending to the right.
