

Letter of Recommendation: I.C.Thomasson Associates, Inc.

February 2017

Dear Sir,

I started here as an electrician in 1990, as you could imagine there's been many electrical contractors here since then. I wanted to let you know that the staff of guys here for Gaylor Electric have been such a pleasure to work with. While looking out for the best interest of Gaylor Electric as well as our needs, **they have just been incredible.** Understanding what it takes to work in a facility such as ours cannot be managed by many electricians, only certain individuals have what it takes to work in this kind of environment. The **critical thinking they have applied here was outstanding and avoided any real issues during this process of upgrades.**

Steve, Hutch, Randy, Tom, Bill and all of your other employees that I never really got to know have been the absolute best I think we have ever had here. I just wanted to say a big thank you for all they have done, please share this with them. Gaylor should be proud to have these individuals on their team.

Sincerely, Dave Reist
